1971	G550	Yellow	Yellow	White	White	Oliver	
1971	G750	Yellow	Yellow	White	White	Oliver	
1971	G850	Yellow	Yellow	White	White	Oliver	
1971	G940	Yellow	Yellow	White	White	Oliver	
Colors:							
PG1 = First Gold Color, used in 1937-1947. Most collectors don't use this color							
PG2 = Prairie Gold used on most Letter Series and 335/445/5 Star. Most common prairie Gold							
PG3 = Last Prairie Gold used on GVI, M5, 4Star. Slightly Browner Prairie Gold							
Yellow = Used on Latest MM's This is an Industrial Yellow.							
Late Red = Same as Cockshutt Red, used on some tractors after 1968							
Implement Red = Used on early implements							
Cherry Red = Red used on Early tractor wheels and grills							
Dyna Brown = Used from 1962-1967 Primarily on Powertrain components							
Bronz Metallic = Used from 1959 - 1961 Primarily on Powertrain components							
Gray Metallic = Used on the powertrains of some industrial tractors							
Note: Due to special orders, regional exceptions, and day to day manufacturing variation, many tractors varied from the color configurations listed above
