

COCKSHUTT PAINT COLOR CODES

1/1/1998

These colors were matched to original UNICO Cockshutt colors from unopened containers from Posey County Indiana Cockshutt Dealer and New Old Stock Parts for accuracy and comparisons. The original Enamel colors were used by the dealer for repainting tractors and equipment which my father was employed from 1951 to 1978 when the parts business was closed.

Color Matching was done by AUTOMOTIVE COLOR & SUPPLY CO.  
1251 E. Morgan Avenue, Evansville, IN
